If people need scrap picked up from their home we will schedule a pickup during the week of April 19-25. All you need to do is call Josh at 217-246-7088 & let us know what you have and how much so that we can make plans to pick it up.

WHY: To raise money for travel, lodging, and materials needed to build a home for a family in need. A group of 18 students and adults from THCC will be traveling this June to a fishing village in Nosara, Costa Rica to build a small home for one family. We are still in need of money and we were hoping that this might be a different way people could help.
