Those who collect beach glass often become "archeologists."

Each precious piece has a story. Often, the glass is very old, and one must take time and care to find the truth behind it. This week, we acknowledge the power of truth-telling: of claiming and telling one's own story as a path to healing.

"Grace Space" is available at the front of the sanctuary.

This area is for young children and their caregivers to engage in worship, while also being able to move around, see better, and play with soft toys and quiet activities. Our nursery staff welcomes babies and young children as another child care option.
