Author, speaker, singer, and 3-time GRAMMY and DOVE nominee, Michele Pillar has a testimony that all who have ever needed help to overcome anything should hear. Her journey of courage began early in life while hiding under her twin bed to escape the effects of her parents’ addictions. With gratitude, she writes, *“God can heal anything, once we talk about it in a safe environment, expose it, and look into God’s Word and heart for healing. I love demystifying restoration with truth and humor and the power of God’s Holy Spirit touching women where they need a healing. I trust God to do this every time I speak and sing.”* – Michele
