

# St. Titus One Power Word

## October 2014

### Change

We have entered into a space of time called Fall, a portion of the year when **change** is evident.

### Change

We can see the leaves on the trees and bushes begin to **change** colors in preparation of falling away. The lushness of the green grass soon fades through yellowing to brown.

### Change

With reference to our spiritual life, one needs to pay attention to **change**. **Change** should happen when we make a true decision to follow **God** through **Christ**. **Change** should become more and more evident as we grow in **Christ**, and **Change** should be personally felt as we become more like **Christ**.

### Change

When we really change it should cause a people **change** in our circle of associates. People who we time past made to feel comfortable around us will no longer want to be near us. (If they have not accepted **Christ**)

### Change

And since we've **changed**, our venues should have **changed** from worldly riotous living venues to **Holy Ghost** filled venues, in other words we ought to be at the house of worship as much if not more than we made it to the houses of ill-repute.

We'll see you all in Church and bring somebody with you.
