The Very High, High, Medium, and Low designations at the top of each phase corresponds to the Wisconsin DHS Disease Activity website, <https://www.dhs.wisconsin.gov/covid-19/local.htm>. Prince of Peace will use both the Burden and Trajectory to determine the phase pursuant to the DHS chart on the following page.

In addition to meeting the above designations, Vaccinations for staff will also be taken into consideration.

This table follows the Wisconsin DHS Disease Activity, for Outagamie County.

When the county advances, Prince of Peace will not advance until Council gives approval, however, moving back a phase will not require Council approval.
