Overview

The Rising Star *Media Ministry* exists to impart faith ideals and advance Biblical discipleship through the production and use of modern communication tools and storytelling methods. Our hope is that the media tools we provide will serve and encourage ministries, missionary organizations and the church.

We are a ministry team of communication professionals and volunteers. We have been blessed with state-of-the-art equipment, and as a result, we are able to provide high quality media presentations. Our goal is to help people connect to God through live and recorded worship. Through the many areas of the Media Ministry, we strive to:

- Enhance the worship experience through audio, visual and lighting
- Go beyond the physical walls of our church by way of broadcasts to invite others to learn about God's love, and
- Provide resources that, we pray, will enable you to develop a deeper walk with Christ.

The *Media Ministry* encompasses our broadcasts, media resources, web, advertising, marketing, digital arts and technical support in the areas of audio, visual lighting, photography and videography.

At the heart of our ministry is a great group of volunteers! We invite you to join in this unique and exciting ministry.

Volunteer in the Media Ministry!

Tracy Lewis - Media and Marketing Director
av@risingstarbaptist.org | 520-791-3068 ext. 107

Minnette Powell - Church Administrator

Rising Star Media Ministry

- *Audio Board Operator*

Responsible for all sound during services and events. Audio board operators are asked to attend rehearsals as needed in preparation for events and services.

- *Lighting Board Operator*

Responsible for all lighting during services and events. Lighting board operators are asked to attend rehearsals as needed in preparation for events and services.

- *Easy Worship Operator*

Responsible for visual presentations during services and events. Easy Worship operators are not necessarily responsible for presentation creation.

- *Photography and Videography*

Photographers are responsible for taking still and moving pictures during events and services, as requested. Photographers also hold training and mentorship sessions.

- *Digital Arts and Graphic Design*

Graphic designers assist in the creation of all marketing-related items, logos, flyers, brochures, web graphics and other items.

- *Marketing and Social Media*

Responsible for effective event and service marketing with creativity. Social media volunteers assist in website design, facebook and twitter monitoring and posting, as requested. Marketing volunteers attend events and assist in the promotion of the overall church vision, as well as provide individual ministry support.

- *Radio and Television*

Volunteers assist in the growth and expansion of current programming; the Gospel Video program and programming on KGMS radio. Volunteers can also provide voice over support for advertising.
