## CHRISTIAN WORLDVIEW EDUCATION

As a Christian School, Trinity Christian Academy (TCA) is committed to academic excellence and has the God-given responsibility to point students to the True North, Jesus Christ. God is at the heart and center of our mission.

Through the foundation of biblical truth, the integration of Christian principles, the teaching of a dedicated Christian faculty, high academic standards, and a wholesome Christian environment, TCA is educating and equipping students to become leaders for the Glory of God.

## COLLEGE PREPARATORY PROGRAM

Trinity's philosophy is very straight forward. We give students exactly what they need to succeed in college and in life: biblical teaching and mentoring, with academic excellence in a caring community.

Our college-preparatory curriculum is taught from a biblical perspective by our dedicated high school faculty averaging 10 years of teaching experience. Core subjects include math, science, English, history, Bible, world languages, physical education/health, and creative arts. Honors options, including AP English or language classes, are available, and AP exams are offered in the spring. Additional AP and college level courses are available through Sevenstar Academy, an accredited online program. Additionally, all seniors participate in a Senior Thesis research project.

A low student to teacher ratio ensures individualized attention. Trinity Christian Academy graduates have a nearly 100 percent acceptance rate into the colleges of their choice. Graduates have been awarded many scholarships, including the TCA Faculty Scholarship, grants and scholarships from the institutions which they attend, and merit scholarships from other organizations.

## GRADUATION REQUIREMENTS

English	4 Credits
History	4 Credits
Bible	4 Credits
Math	3 Credits
Science	3 Credits

Computer	.5 Credit
Health	.25 Credit
Personal Fitness	1 Credit (100 hours)
Creative Arts	1 Credit (100 hours)
Community Service	(100 hours)
<b>TOTAL</b>	<b>24.00</b>

## LEADERSHIP DEVELOPMENT

Trinity Christian Academy inspires young men and women to discover their God-given gifts and explore ways to put these gifts to work in the world around them for the greater glory of God. They gain a clear understanding of how important

it is to stay aligned to **True North** in all aspects of their lives: their vocation, interpersonal relationships, and relationship with Christ.

Our Christ-Centered Leadership Program prepares our students by helping them discover their vocational aptitude and spiritual gifts, and then uncover what it takes to prepare academically and succeed in a vocation of their choice. TCA guides them to embrace the message of Christ in their daily lives so they can become influential leaders. Students are empowered with a comprehensive biblical worldview through a scripture-infused curriculum, training them to become well-spoken Christian leaders equipped to share their faith with others and exude a passion for Christ in all aspects of their life. The program provides ample opportunities for them to reach out and serve those marginalized in the community and world around them resulting in empathetic leadership skills.
