We are grateful for the wonderful healthcare providers, students from Northeastern University. These Physician Assistant students, our last medical team to Guatemala, provided medical checkups, treatments and medication to more than 250 patients at San Lucas Toliman - Lake Atitlan. They also offered dental education to many

Mexico

Global Action International plays an important role with the leadership of Tecate Mexico. Saul Beltran and his wife Fabiola, director of Accion de Global Mexico's have been involved in helping with community events. Tecate has just had a change of municipal presidents in the 5 municipalities of Baja California. Our director, Saul, told us he has been invited to the office of the new Mayor to discuss Accion de Global Mexico's involvement.

We are so grateful for the incredible opportunity they have to give support to leadership as well as giving hope to the hurting children by providing food, clothing, education & sports.

March for Jesus Accion de Global Mexico joined more than 60 Churches in the March for Jesus Parade along the city's main avenue, stopping by the offices of the municipal presidency, to pray and intercede for the officials and government workers of this city. This ended with a night of CELEBRATION to JESUS at their baseball stadium.
