SHARED BLESSINGS FROM PRIOR WOSM SEMINAR ATTENDEES

"I have been working on my PhD in the area of healing and wholeness. All that I have studied so far has to do with cerebral and head knowledge of the subject. I am very thankful that I attended this Healing Academy because I now know what is needed to bring a healthy balance of intellectual and experiential to my dissertation. It is important to understand the biblical and historical foundations of healing, but also to know how to make practical application in our daily ministry."

—from conversation with Asbury Theological Student, 2011 Healing Academy

"Wow! I never realized that there could be such joy related to the infilling of the Holy Spirit. I can't quit laughing. It seems like the whole world has been lifted from me. Every time I look at someone I start to laugh all over again. There is such freedom. Thank you Jesus."

—Participant in Asbury Academy

"Deliverance? Sure, I'll volunteer to be a role model so that others can see how you do it as a team." During the role-model, the Lord brought up something that had been plaguing the participant from the very time she was being formed in the womb. She was delivered from the fear surrounding the trauma and set free. There was much rejoicing.
