

LEGACY HOME MINISTRIES

A Chance at Life...

Dear Legacy Guardians,

Hi! My name is John Paul M. Vargas. I am 11 years old and I like to share my story with you. When I was 10 years old I live in the DSWD that they adopted me and feed me spoiled rice, noodles, and sometimes I don't eat. And the Legacy Home adopted me and I am so happy that my food is not spoiled in the Legacy Home Orphanage and I thank Jesus that he bring me here. Mom and Pastor and the all staff love me and I love them too, because they all cared me and loving me. God amazing that he cared me for every thing that that he do for me. All Legacy kids become my brothers, sisters, and friends. I like to sing to God and playing game, watching movies, praying, and loving God. I love swimming, schooling and drawing. I love that I could feel Jesus everyday and welcome God to my heart. Thank you for you Legacy guardians that you do for me and for every thing I love you all and be strong in faith with the Lord Jesus Christ our king forever.

Love,
John Paul
