PSC Has Moved!

By James Braaten, Executive Director

PSC's beautiful new facility at 1101 East Republic Avenue.

For two years we prayed about a location that would better serve our clients and staff. God has graciously provided a beautiful facility at 1101 East Republic Avenue! The location is easily accessible and visible in the community. With the combined effort of staff and faithful volunteers the building has become an efficient, peaceful, and professional facility.

We now have a classroom, Bible study room, and counseling rooms for both men and women as well as a dedicated ultrasound room. The spacious boutique features baby items for all seasons in several sizes and an expanded section of maternity wear. Each staff member has a private office.

Thank you for partnering with us in the life-saving work God is doing in our community. Some projects remain to be completed. Please reach out if you would like to help with these. We joyfully anticipate serving Salina and the surrounding communities from this beautiful facility for many years to come!

His Grace is Sufficient

By Susan Reinert, RN

I've been thinking about grace lately. The word grace is from the Latin word gr̄atia which means favor or blessing. God's blessing or favor is what we don't deserve yet

God freely gives. We daily need God's grace and so do the families we serve at PSC. More and more clients are coming to us with stories of such hard things in their lives. We pray that God will infuse us with His grace so we in turn can share it and draw these precious, hurting people to His truth and salvation.

Please pray that God will help us in these increasingly evil days to live under the refreshing flow of grace. When we feel overwhelmed with the difficult situations our clients face may we rest in the knowledge that God's grace is sufficient.

But He said to me, **"My grace is sufficient for you for my power is made perfect in weakness."**
2 Corinthians 12:9a

Miracles in the Making

By Shelly Wilson, RN, BSN
Staff Nurse

Our sweet Evelyn Hyde, long-time volunteer and former client services manager, is back at PSC volunteering as a client advocate. As Evelyn continues to make a miraculous recovery from a broken hip, God is using her to work miracles in the lives of our clients. We look forward to Tuesdays with Evelyn as she listens well to each client's story, reaches their hearts with wise counsel and points them to the hope of Jesus.

On a recent Tuesday "Grace" arrived for a pregnancy test carrying her six month old baby boy. She giggled nervously admitting she was overwhelmed with the possibility of another pregnancy so soon. Grace was in fact pregnant and Evelyn didn't miss a beat in encouraging her that God would make a way, reassuring her that He was able and that we at PSC would walk with her.

Evelyn later explained that Grace had shared that in spite of her uncertainty about God she had recently prayed when she found herself in a dangerous situation. She believed that God had miraculously spared her life. Evelyn smiled as she recounted thanking God for this miracle that had served as a springboard for sharing the hope of Jesus with a young client. We see many miracles at PSC and our Evelyn is one herself!

Faithful Care through Abnormal Findings

By Janna Weldy, RN
Medical Manager

"Mary" faced an unplanned pregnancy, but knew that God was the Maker of her child and trusted that everything would work out. During her sonogram I quickly realized that something was not right. I tried to keep my face relaxed as I navigated through some very abnormal findings. I flagged the sonogram for immediate review by our radiologist, and was so grateful that one of our radiologists, Dr. Pam Davis, contacted me in a timely manner, advised me on what we were dealing with and even volunteered to assist in securing a doctor's appointment for Mary.

The afternoon sped by in a flurry of phone calls and conversations as a group of us from different positions and different locations made sure Mary had the care she needed. Sadly our worst fears were realized. She will not meet her precious baby on this side of heaven.

It was good to hear later from Mary how much it meant to her that we had supported her and advocated for her. At PSC we care deeply both for the lives of the pre-born and the lives of the mothers who carry them.
